

# "What do you think of SSTV?"

## "Doc" Taylor, WOFEES answers

We recently called Doc, one of the most active amateur radio operators in the country, who we knew owned a Robot SSTV Camera and Monitor, and asked him, "What do you think of SSTV?" Here are some of his comments:

"I've been an active ham since 1946 and SSTV is the greatest thing that's ever happened to amateur radio... I love the friendliness of SSTV because we can be so personal, sending pictures of ourselves and our families to one another... I spend practically all my spare time operating SSTV... there are many, many people on SSTV now, new Robot stations are popping up every day... I've worked Australia, New Zealand, Laos, South America, Africa, Italy, Hawaii, Alaska. Establishing contacts is no problem... As far as the Robot equipment is concerned,

it's excellent equipment, the Cadillac of the industry. And I've gotten excellent service. I'm really pleased with the Robot gear."
